Securities listed on a recognized stock exchange or dealt on any other Regulated Market that operates regularly, is recognized and is open to the public, are valued at their last available closing prices, or, in the event that there should be several such markets, on the basis of their last available closing prices on the main market for the relevant security.

In the event that the last available closing price does not, in the opinion of the Board of Directors of the SICAV, truly reflect the fair market value of the relevant securities, the value of such securities is defined by the Board of Directors of the SICAV based on the reasonably foreseeable sales proceeds determined prudently and in good faith.

Securities not listed or traded on a stock exchange or not dealt on another Regulated Market are valued on the basis of the probable sales proceeds determined prudently and in good faith by the Board of Directors of the SICAV.

The liquidating value of futures, forward or options contracts not traded on exchanges or on other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established by the Board of Directors of the SICAV, on a basis consistently applied for each different variety of contracts.

The liquidating value of futures, forward or options contracts traded on exchanges or on other regulated markets shall be based upon the last available settlement prices of these contracts on exchanges and regulated markets on which the particular futures, forward foreign exchange contracts or options contracts are traded by the Company; provided that if a futures, forward foreign exchange contracts or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors of the SICAV may deem fair and reasonable.

The value of money market instruments not listed or dealt in on any stock exchange or any other Regulated Market are valued at their face value with interest accrued.

In case of short term instruments with remaining maturity of less than 90 days the value of the instrument based on the net asset acquisition cost is gradually adjusted to the repurchase price thereof. In the event of material changes in market conditions, the valuation basis of the investment is adjusted to the new market yields.

Interest rate swaps are valued at their market value established by reference to the applicable interest rates curve.

Investments in collective investment schemes are valued on the basis of the last available prices of the units or shares of such collective investment schemes.

All other transferable securities and other permitted assets are valued at fair market value as determined in good faith pursuant to procedures established by the Board of Directors of the SICAV.

Income and expenses expressed in other currencies than the USD are translated in USD at exchange rates ruling at the transaction date.

At period-end, investments, assets and liabilities expressed in other currencies than the USD are translated at exchange rates ruling at this date. Dividends are recorded at the ex-dividend date. Interest income is recorded on an accrual basis.

In alternative to a system that consists to charge directly the Company with the diverse administrative expenses, the Board of Directors of the SICAV has decided to conclude an agreement with Amundi Luxembourg, acting as its Management Company, in order to apply a system of flat fee (hereafter the "Administration Fee") paid to Amundi Luxembourg S.A., charge for it to support the administrative expenses of each Sub-Fund and Classes of Shares of the SICAV.

The Administrative Agent together with the Register Agent are entitled to receive in aggregate an annual fee, payable each month, an amount of up to 0.20% calculated on the daily net assets of the SICAV during the month.

5 PERFORMANCE FEES

The Investment Manager may receive a performance fee from each class of shares according to the mechanisms detailed in the prospectus dated March 2025.

The calculation of performance fees applies to each concerned share class and on each Net Asset Value calculation date. The calculation is based on the comparison between:

- The Net Asset Value of each relevant share class (before deduction of the performance fee) and
- The reference asset which represents and replicates the Net Asset Value of the relevant share class (before deduction of the performance fee) at the first day of the performance observation period, adjusted by subscriptions/redemptions at each valuation, to which the Reference for Performance fee (as stated for each Sub-Fund and share class) is applied.

Please refer to the prospectus for details of applicable performance fees rates and the Reference for Performance fee.

The rates are set as below:

Classes I, O, X: 0.01%

Other classes: 0.05%

According to the law and the current regulations, no Luxembourg tax is payable on the realised capital appreciation of the assets of the SICAV.

Some income received by the SICAV from sources outside Luxembourg (dividends, interest or appreciation / depreciation) may be subject to non-recoverable withholding tax in the countries of origin of the investments.

The value of the assets represented by units/shares held in other Luxembourg undertakings for collective investment is exempt from the capital tax, provided such units have already been subject to the tax.

8 DIVIDENDS

The Distribution Shares apply the corresponding Sub Fund's dividend policy (see the relevant Data sheet under Part I) in distributing an annual percentage of the net asset value ("Fixed Dividend") which payment may be scheduled following predetermined frequencies.

- Fixed dividend classes : annual dividend amounting to 4%
- Variable distribution classes may also be available
- Target distribution classes may also be available

The following are the single or double letter suffixes currently in use and which indicate a frequency:

"QD" for quarterly dividend,

"MD" for monthly dividend,

"D" for annual dividend.

The following are suffixes, which indicate a frequency with regard to variable dividend :

"MVD" for monthly variable dividend

"QVD" for quarterly variable dividend

"VD" for annual variable dividend

Shares that have the suffix beginning with MTD, QTD and ATD pre-announce a target dividend amount, and schedule their dividend payments either monthly (M), quarterly (Q) or yearly (A). A target dividend is an amount that a Sub-Fund aims to.

The proportion of Fixed Dividend corresponding to a given frequency is as follows :

Frequency distribution	Proportion of Fixed Dividend	Example of a Fixed Dividend amounting 4%
MD - Monthly	1/12 (8,333%)	0,333%
QD - Quarterly	1/4 (25%)	1%
D - Annually	1/1 (100%)	4%

Fixed Dividend may result to have the dividend composed of capital attributable to the Shares, whose amount will be driven by the amount of existing investment incomes and capital gains.

Fixed Dividend will seek to pay out a dividend regardless of the performance of the Shares. As a result, the net asset value of such Shares may fluctuate more than the other Classes of Shares for which it is generally not intended by the Board of Directors to distribute capital, and the potential for future appreciation of such net asset value of such Shares may be eroded.

The dividends payable are recorded in the "Statement of Net Assets" in the caption "other liabilities".

Distribution Shares proposing a monthly or quarterly payment declare interim dividends. Quarterly dividends will be distributed on the last Business Day of February, May, August and November of each financial year. Monthly dividends will be distributed on the last business day of each month.

The Board of Directors will propose to distribute dividends in the form of cash in the relevant Class Currency. The Board of Directors may also decide that dividends be reinvested by the attribution of additional Shares of the same Class and Category of Shares. Such Shares will be issued on the payment date at the NAV per Share of the relevant Class in noncertificated form. Fractional entitlements to registered Shares will be recognized to three decimal places.

Dividends remaining unclaimed five years after the dividend record date will be forfeited and will accrue for the benefit of the relevant Class of Shares of the relevant Sub Fund.

The payment of dividend remains always subject to the minimum capital requirements to be respected by the Company in accordance with the 2010 Law.

9 SUBSEQUENT EVENTS
